NEW for 2010
IMPROVED DESIGN

LPT6000
56861

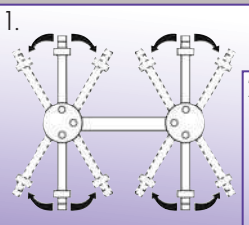

Multi-Purpose Laptop Stand with Shelf

This versatile design can stand alone on any flat surface for quick and easy set-up, or clamp to virtually any table, rack case or even DJ equipment (included attachments shown below). Light and portable, the LPT6000 is ideal for holding your laptop, CD player, EFX machine or lighting controller. Features 4 easy line-it-up height adjustments, 3 pre-set widths and an angled platform with front bumpers. An included center rod extension accommodates larger laptops/equipment. All contact surfaces are covered with EVA rubber to prevent damage or scratching to mounting surface and equipment. New for 2010, the LPT6000 adds a FREE shelf for additional laptop equipment and/or accessories.

Weight Capacity: 10 lbs.
Height Adj.: 9.25-14.25"
Width Adj.: 9.5-11"
Depth: 10.25"
Shelf Depth: 7.25"
Color: Black Powder Coat Finish
← [PACK]

Included attachments for the LPT6000 allow stand to be clamped to a table or DJ equipment.

Innovative design allows for maximum flexibility and support, yet also folds down into one compact unit!

1. Unique spider frame design adjusts the width and depth to allow for max support.
2. Folds into a compact T-shape for storage and travel.
